publicaciones en alfabeto cirílico búlgaro y en Grecia en alfabeto griego.. ^ International Phonetic Association Handbook. Cambridge: University press. 1999. p. 176-181. ^ Separate code points have been added for use in Latin and font environments in Unicode 7.0 (2014) and 8.0 (2015): U+AB53 Latin small letter chi (χ) and U+A7B5 Latin letter small beta (β). As of 2017, the International Phonetic Association still lists the original Greek code points as a standard representation of the IPA symbols concerned [1]. ^ a b c d e f Winterer 2010, p. 377.
